

KEW WOODS PRIMARY SCHOOL

Policy for Sport Funding

Overview

The government provided additional funding of £150 million per annum for academic years 2013 to 2014 and 2014 to 2015 to improve provision of physical education (PE) and sport in primary schools. This funding has now been extended until 2020. The funding - provided jointly by the Departments for Education, Health and Culture, Media and Sport – is allocated to primary school headteachers.

The funding is ring-fenced and therefore can only be spent on provision of PE and sport in schools. Kew Woods Primary School uses the additional funding to improve our provision of PE and sport, but they have the freedom to choose how they do this

Objectives

- To improve the provision in PE and sport within the school's curriculum for Physical Education and School Sport
- To improve the quality of teaching and learning in PE and sport
- To increase pupils participation in PE and sport
- To raise standards of achievement in PE and sport for all pupils
- To make use of qualified expertise to support and promote the teaching of PE and sport
- To increase confidence and subject knowledge of teachers delivering PE

Strategies

- Will work in collaboration with a local secondary sports specialist school to secure high quality PE and school sport at Kew Woods
- Where it is appropriate, we will consider hiring specialist PE teachers or qualified sports coaches to work with teachers when teaching PE
- We will look for strategies of supporting and engaging the least active children through new or additional provision
- We will use the funding for paying for professional development opportunities for teachers in PE and sport including whole staff INSET in targeted areas
- We support NQTs with thorough PE CPD in a range of activity areas
- We will look for opportunities for providing cover to release teachers for professional development in PE and sport and to establish team teaming approaches
- We will use the funding to provide additional PE and sport activities including running sport competitions, or increasing pupils' participation in the School Games
- We will purchase equipment for new provisions to be offered to engage pupils
- We will buy additional equipment for developing the early key skills in sport and games in KS1
- We will look for appropriate opportunities to meet educational needs by providing places for pupils on after school sports clubs and where appropriate deploy support staff at the sessions
- We will look for opportunities for pooling the additional funding with that of other local schools to build joint provision or to share sports staff and facilities

- We will access a wide range of competitions and sporting festivals and events to broaden the experiences of our children
- We will participate in competitive leagues in football and netball, entering both A and B teams, to allow more children to have this experience
- We will include details of the provision of PE and sport on the website, alongside details of their broader curriculum, so that parents may see what is on offer both within and beyond the school day.

Outcome

PE and School Sport is given a high profile at Kew Woods Primary School. Through our carefully planned CPD programme for staff, the use of specialists in sport, our commitment to entering events and competitions and our collaborative working with Stanley High, our pupils will be offered a broad, balanced and high quality PE experience. We will demonstrate an improvement in the range, quality and participation in our PE and sports provision.
