1. Introduction and Overview

Rationale

The purpose of this policy is to:

- Set out the key principles expected of all members of the school community at Kew Woods Primary School with respect to the use of ICT-based technologies.
- Safeguard and protect the children and staff of Kew Woods Primary School.
- Assist school staff working with children to work safely and responsibly with the Internet and other communication technologies and to monitor their own standards and practice.
- Set clear expectations of behaviour and/or codes of practice relevant to responsible use of the Internet for educational, personal or recreational use.
- Have clear structures to deal with online abuse such as cyber-bullying, which are cross-referenced with other school policies.
- Ensure that all members of the school community are aware that unlawful or unsafe behaviour is unacceptable and that, where appropriate, disciplinary or legal action will be taken.
- Minimise the risk of misplaced or malicious allegations made against adults who work with students.

The main areas of risk for our school community can be summarised as follows:

Content

- Exposure to inappropriate content, including online pornography, ignoring age ratings in games (exposure to violence associated with often racist language), substance abuse
- Lifestyle websites, for example pro-anorexia/self-harm/suicide sites
- Hate sites
- Content validation: how to check authenticity and accuracy of online content

Contact

- Grooming
- Cyber-bullying in all forms
- Identity theft (including 'frape' (hacking Facebook profiles)) and sharing passwords

Conduct

- Privacy issues, including disclosure of personal information

- Digital footprint and online reputation
 - Health and well-being (amount of time spent online (Internet or gaming))
 - Sexting (sending and receiving of personally intimate images) also referred to as SGII (self-generated indecent images)
 - Copyright (little care or consideration for intellectual property and ownership - such as music and film)
- (Ref Ofsted 2013)

Scope

This policy applies to all members of Kew Woods Primary School community (including staff, students/ pupils, volunteers, parents/ carers, visitors, community users) who have access to and are users of school/ academy computer and communication systems, both in and out of Kew Woods Primary School.

The Education and Inspections Act 2006 empowers Headteachers / Principals to such extent as is reasonable, to regulate the behaviour of students / pupils when they are off the *school / academy* site and empowers members of staff to impose disciplinary penalties for inappropriate behaviour. This is pertinent to incidents of cyber-bullying, or other Online Safety incidents covered by this policy, which may take place outside of the school / academy, but is linked to membership of the school / academy. The 2011 Education Act increased these powers with regard to the searching for and of electronic devices and the deletion of data (see appendix for template policy). In the case of both acts, action can only be taken over issues covered by the published Behaviour Policy.

The *school* will deal with such incidents within this policy and associated behaviour and anti-bullying policies and will, where known, inform parents / carers of incidents of inappropriate Online Safety behaviour that take place out of school.

Roles and Responsibilities

Role	Key Responsibilities
Headteacher	• To take overall responsibility for Online Safety provision • To take overall responsibility for data and data security • To ensure the school uses an approved, filtered Internet Service, which complies with current statutory requirements e.g. Agilysis, Smoothwall • To be responsible for ensuring that staff receive suitable training to carry out their Online Safety roles and to train other colleagues, as relevant • To be aware of procedures to be followed in the event of a serious Online Safety incident. • To receive regular monitoring reports from the Computing Co-ordinator/ Officer • To ensure that there is a system in place to monitor and support staff who carry out internal Online Safety procedures(e.g. network manager)
Computing Co-ordinator / Designated Child Protection Lead	• Takes day to day responsibility for Online Safety issues and has a leading role in establishing and reviewing the school Online Safety policies / documents • Promotes an awareness and commitment to e-safeguarding throughout the school community • Ensures that Online Safety education is embedded across the curriculum • Liaises with school ICT technical staff • To communicate regularly with SLT and the designated Online Safety Governor/ committee to discuss current issues, review incident logs and filtering/ change control logs • To ensure that all staff are aware of the procedures that need to be followed in the event of an Online Safety incident • To ensure that an Online Safety incident log is kept up to date • Facilitates training and advice for all staff • Liaises with the Local Authority and relevant agencies • Is regularly updated in Online Safety issues and legislation, and be aware of the potential for serious child protection issues to arise from: • Sharing of personal data • Access to illegal / inappropriate materials • Inappropriate on-line contact with adults / strangers • Potential or actual incidents of grooming • Cyber-bullying and use of social media
Governors/ Online safety governor	• To ensure that the school follows all current Online Safety advice to keep the children and staff safe • To approve the Online Safety Policy and review the effectiveness of

	the policy. This will be carried out by the Governors / Governors Sub Committee receiving regular information about Online Safety incidents and monitoring reports. A member of the Governing Body has taken on the role of Online safety Governor • To support the school in encouraging parents and the wider community to become engaged in Online Safety activities • The role of the Online safety Governor will include regular review with the Online safety Co-ordinator / Officer (including Online Safety incident logs, filtering / change control logs)
Computing Subject Leader	• To oversee the delivery of the Online Safety element of the Computing curriculum
Network Manager/ technician	• To report any Online Safety related issues that arise, to the Computing coordinator. • To ensure that users may only access the school's networks through an authorised and properly enforced password protection policy, in which passwords are regularly changed • To ensure that provision exists for misuse detection and malicious attack e.g. keeping virus protection up to date) • To ensure the security of the school ICT system • To ensure that access controls / encryption exist to protect personal and sensitive information held on school-owned devices • The school's policy on web filtering is applied and updated on a regular basis • That he/ she keeps up to date with the school's Online Safety policy and technical information in order to effectively carry out their Online Safety role and to inform and update others as relevant • That the use of the <i>network / Virtual Learning Environment/ remote access/ email</i> is regularly monitored in order that any misuse/ attempted misuse can be reported to the <i>Computing Co-ordinator/Head teacher for investigation/ action/ sanction</i> • To ensure appropriate backup procedures exist so that critical information and systems can be recovered in the event of a disaster. • To keep up-to-date documentation of the school's e-security and technical procedures
Computing Subject Leader	• To ensure that all data held on pupils via online systems (e.g. Purple Mash, Depth of Learning assessment tracker) is adequately protected in line with GDPR requirements, and that an inventory of these systems is regularly updated
Data Manager	• To ensure that all data held on pupils on the school office machines have appropriate access controls in place
Teachers	• To embed Online Safety issues in all aspects of the curriculum and other school activities • To supervise and guide pupils carefully when engaged in learning activities involving online technology (including, extra-curricular and extended school activities if relevant) • To ensure that pupils are fully aware of research skills and are fully aware of legal issues relating to electronic content such as copyright laws

All staff	• To read, understand and help promote the school's Online Safety policies and guidance • To read, understand, sign and adhere to the school staff Acceptable Use Agreement / Policy • To be aware of Online Safety issues related to the use of mobile phones, cameras and hand held devices and that they monitor their use and implement current school policies with regard to these devices • To report any suspected misuse or problem to the computing coordinator • To maintain an awareness of current Online Safety issues and guidance e.g. through CPD • To model safe, responsible and professional behaviours in their own use of technology • To ensure that any digital communications with pupils should be on a professional level and only through school based systems, never through personal mechanisms, e.g. email, text, mobile phones etc.
Pupils	• Read, understand, sign and adhere to the Student / Pupil Acceptable Use Policy (NB: at KS1 it would be expected that parents/ carers would sign with the pupils) • Have a good understanding of research skills and the need to avoid plagiarism and uphold copyright regulations • To understand the importance of reporting abuse, misuse or access to inappropriate materials • To know what action to take if they or someone they know feels worried or vulnerable when using online technology. • To know and understand school policy on the use of mobile phones, digital cameras and hand held devices. • To know and understand school policy on the taking / use of images and on cyber-bullying. • To understand the importance of adopting good Online Safety practice when using digital technologies out of school and realise that the school's Online safety Policy covers their actions out of school, if related to their membership of the school • To take responsibility for learning about the benefits and risks of using the Internet and other technologies safely both in school and at home • To help the school in the creation/ review of Online Safety policies
Parents/carers	• To support the school in promoting Online Safety and endorse the Parents' Acceptable Use Agreement which includes the pupils' use of the Internet and the school's use of photographic and video images • To read, understand and promote the school Pupil Acceptable Use Agreement with their children • To access the school website / LEARNING PLATFORM / on-line student / pupil records in accordance with the relevant school Acceptable Use Agreement. • To consult with the school if they have any concerns about their children's use of technology

External groups	Any external individual / organisation will sign an Acceptable Use Policy prior to using any equipment or the Internet within school
-----------------	--

Communication:

The policy will be communicated to staff/pupils/community in the following ways:

- Policy to be posted on the school website with hard copies available from school on request.
- Policy to be part of school induction pack for new staff.
- Acceptable use agreements discussed with pupils at the start of each year.
- Acceptable use agreements to be issued to whole school community, usually on entry to the school.
- Acceptable use agreements to be held in pupil and personnel files.

Handling complaints

The school will take all reasonable precautions to ensure Online Safety. However, owing to the international scale and linked nature of Internet content, the availability of mobile technologies and speed of change, it is not possible to guarantee that unsuitable material will never appear on a school computer or mobile device. Neither the school nor the Local Authority can accept liability for material accessed, or any consequences of Internet access.

Staff and pupils are given information about infringements in use and possible sanctions. Sanctions available include:

- Interview with teacher/ Computing Subject Leader/ SLT / Headteacher;
- Informing parents or carers;
- Removal of Internet or computer access for a period, [which could ultimately prevent access to files held on the system, including online homework];
- Referral to LA / Police.

Our Computing Coordinator acts as first point of contact for any complaint. Any complaint about staff misuse is referred to the Headteacher.

Complaints of cyberbullying are dealt with in accordance with our Anti-Bullying Policy. Complaints related to child protection are dealt with in accordance with school / LA child protection procedures.

Review and Monitoring

The Online Safety policy is referenced from within other school policies: Computing and Learning Technology policy, Child Protection policy, Anti-Bullying policy and in the School Development Plan, Behaviour policy, Personal, Social and Health Education and for Citizenship policies.

- The school has a Computing coordinator who will be responsible for document ownership, review and updates.
- The Online Safety policy will be reviewed annually or when any significant changes occur with regard to the technologies in use within the school
- The Online Safety policy has been written by the school Computing Coordinator and is current and appropriate for its intended audience and purpose.
- There is widespread ownership of the policy and it has been agreed by the SLT and approved by Governors and other stakeholders. All amendments to the school e-safeguarding policy will be discussed in detail with all members of teaching staff.

2. Education and Curriculum

Pupil Online Safety curriculum

This school

- Is highly aware of the impact of social media and the effect it can have of health and wellbeing. We take steps to educate all stakeholders about these risks and ways in which they can receive support. Our curriculum for online safety is designed based up the guidance from SWGFL.
- Has a clear, progressive Online Safety education programme as part of the Computing curriculum / PSHE curriculum. This covers a range of skills and behaviours appropriate to their age and experience, including:
 - To STOP and THINK before they CLICK
 - To develop a range of strategies to evaluate and verify information before accepting its accuracy;
 - To be aware that the author of a web site / page may have a particular bias or purpose and to develop skills to recognise what that may be;
 - To know how to narrow down or refine a search;
 - [For older pupils] to understand how search engines work and to understand that this affects the results they see at the top of the listings;
 - To understand acceptable behaviour when using an online environment / email, i.e. be polite, no bad or abusive language or other inappropriate behaviour; keeping personal information private;
 - To understand how photographs can be manipulated and how web content can attract the wrong sort of attention;

- To understand why on-line ‘friends’ may not be who they say they are and to understand why they should be careful in online environments;
 - To understand why they should not post or share detailed accounts of their personal lives, contact information, daily routines, location, photographs and videos and to know how to ensure they have turned-on privacy settings;
 - To understand why they must not post pictures or videos of others without their permission;
 - To know not to download any files - such as music files - without permission;
 - To have strategies for dealing with receipt of inappropriate materials;
 - To understand the impact of cyberbullying, sexting and trolling and know how to seek help if they are affected by any form of online bullying.
 - To know how to report any abuse including cyberbullying; and how to seek help if they experience problems when using the Internet and related technologies, i.e. parent or carer, teacher or trusted staff member, or an organisation such as ChildLine or the CLICK CEOP button.
- Plans Internet use carefully to ensure that it is age-appropriate and supports the learning objectives for specific curriculum areas.
 - Will remind students about their responsibilities through an end-user Acceptable Use Policy which every student will sign/will be displayed throughout the school/will be displayed when a student logs on to the school network.
 - Ensures staff will model safe and responsible behaviour in their own use of technology during lessons.
 - Ensures that when copying materials from the web, staff and pupils understand issues around plagiarism; how to check copyright and also know that they must respect and acknowledge copyright / intellectual property rights;
 - Ensures that staff and pupils understand the issues around aspects of the commercial use of the Internet, as age appropriate. This may include, risks in pop-ups; buying on-line; on-line gaming / gambling;
 - Ensure all stakeholders are aware of the mental health issues related to social media, and how to take measures to find support with this.

Staff and governor training

This school

- Ensures staff know how to send or receive sensitive and personal data and understand the requirement to encrypt data where the sensitivity requires data protection;
- Makes regular training available to staff on Online Safety issues and the school's Online Safety education program
- Provides, as part of the induction process, all new staff [including those on university/college placement and work experience] with information and guidance on the e-safeguarding policy and the school's Acceptable Use Policies.

Parent awareness and training

This school

- Runs a rolling programme of advice, guidance and training for parents, including:
 - Introduction of the Acceptable Use Agreements to new parents, to ensure that principles of e-safe behaviour are made clear
 - Information leaflets; in school newsletters; on the school web site;
 - Demonstrations, practical sessions held at school;
 - Suggestions for safe Internet use at home;
 - Provision of information about national support sites for parents.

3. Expected Conduct and Incident management

Expected conduct

In this school, all users:

- Are responsible for using the school ICT systems in accordance with the relevant Acceptable Use Policy which they will be expected to sign before being given access to school systems. (At KS1 it would be expected that parents/carers would sign on behalf of the pupils.)
- Need to understand the importance of misuse or access to inappropriate materials and are aware of the consequences
- Need to understand the importance of reporting abuse, misuse or access to inappropriate materials and know how to do so
- Should understand the importance of adopting good Online Safety practice when using digital technologies out of school and realise that the school's Online Safety Policy covers their actions out of school, if related to their membership of the school
- Will be expected to know and understand school policies on the use

of mobile phones, digital cameras and hand held devices. They should also know and understand school policies on the taking / use of images and on cyber-bullying

Staff

- Are responsible for reading the school's Online Safety policy and using the school ICT systems accordingly, including the use of mobile phones, and hand held devices.

Students/Pupils

- Should have a good understanding of research skills and the need to avoid plagiarism and uphold copyright regulations

Parents/Carers

- Should provide consent for pupils to use the Internet, as well as other technologies, as part of the Online Safety acceptable use agreement form at time of their child's entry to the school
- Should know and understand what the 'rules of appropriate use' are and what sanctions result from misuse

Incident Management

In this school:

- there is strict monitoring and application of the Online Safety policy and a differentiated and appropriate range of sanctions, though the attitudes and behaviour of users are generally positive and there is rarely need to apply sanctions
- All members and its wider community are encouraged to be vigilant in reporting issues, in the confidence that issues will be dealt with quickly and sensitively, through the school's escalation processes.
- Support is actively sought from other agencies as needed (e.g. the local authority and regional broadband grid, UK Safer Internet Centre helpline) in dealing with Online Safety issues
- Monitoring and reporting of e safety incidents takes place and contribute to developments in policy and practice in Online Safety within the school.
- Parents / carers are specifically informed of Online Safety incidents involving young people for whom they are responsible.
- We will contact the Police if one of our staff or pupils receives online communication that we consider is particularly disturbing or breaks the law

4. Managing the ICT infrastructure

N.B. The school has separate policies in place for:

- Passwords
- Filtering
- Computing
- Social Networking

E-mail

This school

- Provides staff with an email account for their professional use, and makes clear personal email should be through a separate account;
- Provides *highly restricted simulated environments for e-mail with Key Stage 1 pupils*;
- Does not publish personal e-mail addresses of pupils or staff on the school website. We use anonymous or group e-mail addresses.
- Will contact the Police if one of our staff or pupils receives an e-mail that we consider is particularly disturbing or breaks the law.
- Will ensure that email accounts are maintained and up to date
- Reports messages relating to or in support of illegal activities to the relevant Authority and if necessary to the Police.
- Knows that spam, phishing and virus attachments can make e mails dangerous. We use a number of LA-provided technologies to help protect users and systems in the school, including desktop anti-virus product Sophos, plus direct email filtering for viruses, Trojans, pornography, phishing and inappropriate language.

Pupils:

- Year R/1 pupils are introduced to principles of e-mail.
- Pupils cannot receive external email
- Pupils are taught about the safety and 'netiquette' of using e-mail both in school and at home i.e. they are taught:
 - Not to give out their e-mail address unless it is part of a school managed project or to someone they know and trust and is approved by their teacher or parent/carer;
 - That an e-mail is a form of publishing where the message should be clear, short and concise;
 - That any e-mail sent to an external organisation should be written carefully and authorised before sending, in the same way as a letter written on school headed paper;

- They must not reveal private details of themselves or others in e-mail, such as address, telephone number, etc.;
 - To 'Stop and Think Before They Click' and not open attachments unless sure the source is safe;
 - That they should think carefully before sending any attachments;
 - Embedding adverts is not allowed;
 - That they must immediately tell a teacher / responsible adult if they receive an e-mail which makes them feel uncomfortable, is offensive or bullying in nature;
 - Not to respond to malicious or threatening messages;
 - Not to delete malicious or threatening e-mails, but to keep them as evidence of bullying;
 - Not to arrange to meet anyone they meet through e-mail without having discussed with an adult and taking a responsible adult with them;
 - That forwarding 'chain' e-mail letters is not permitted.
- Pupils sign the school Agreement Form to say they have read and understood the Online Safety rules, including e-mail and we explain how any inappropriate use will be dealt with.

Staff:

- Staff can only use the e mail systems on the school system
- Staff only use Google Apps e-mail systems for professional purposes
- Access in school to external personal e mail accounts may be blocked
- Never use email to transfer staff or pupil personal data.
- Staff know that e-mail sent to an external organisation must be written carefully, (and may require authorisation), in the same way as a letter written on school headed paper. That it should follow the school 'house-style':
 - The sending of multiple or large attachments should be limited, and may also be restricted by the provider of the service being used;
 - The sending of chain letters is not permitted;
 - Embedding adverts is not allowed;
- All staff sign our LA / school Agreement Form AUP to say they have read and understood the Online Safety rules, including e-mail and we explain how any inappropriate use will be dealt with.

School website

- The Headteacher takes overall responsibility to ensure that the website content is accurate and the quality of presentation is

maintained;

- Uploading of information is restricted to our website authorisers: <e.g. Computing Subject Leader >
- The school web site complies with the [statutory DfE guidelines for publications](#);
- Most material is the school's own work; where other's work is published or linked to, we credit the sources used and state clearly the author's identity or status;
- The point of contact on the web site is the school address, telephone number and we use a general email contact address;
- Photographs published on the web do not have full names attached;
- We do not use pupils' names when saving images in the file names or in the tags when publishing to the school website;
- We do not use embedded geodata in respect of stored images
- We expect teachers using' school approved blogs or wikis to password protect them and run from the school website.

Learning platforms and online sites

- Uploading of information on approved learning websites (e.g. Purple mash) is managed by the IT leader.
- Responsibility for images uploaded to the school blogs, EYFS evidence app and Seesaw is shared between different staff members according to their responsibilities e.g. all class teachers upload information in their class areas;
- Photographs and videos uploaded to Seesaw will only be accessible by members of the school community;
- Photographs and videos uploaded to EYFS evidence app will only be accessible by members of the school community and aligned parents;
- In school, pupils are only able to upload and publish within school approved and closed systems (Seesaw);

Social networking

- Teachers are instructed not to run social network spaces for student use on a personal basis or to open up their own spaces to their students, but to use the schools' preferred system for such communications.
- The school's preferred system for social networking will be maintained in adherence with the communications policy.

School staff will ensure that in private use:

- No reference should be made in social media to students / pupils, parents / carers or school staff
- They do not engage in online discussion on personal matters relating to members of the school community
- Personal opinions should not be attributed to the *school* or local authority
- Security settings on personal social media profiles are regularly checked to minimise risk of loss of personal information.

CCTV

- We have CCTV in the school as part of our site surveillance for staff and student safety. We will not reveal any recordings, without permission except where disclosed to the Police as part of a criminal investigation.
- We use specialist lesson recording equipment on occasions as a tool to share best teaching practice. We do not reveal any such recordings outside of the staff and will not use for any other purposes.
- There are designated members of staff who are allowed to view the CCTV under the headteacher's direction.

5. Data security: Management Information System access and Data transfer

Strategic and operational practices

At this school:

- The School Business Manager is the data lead.
- Staff are clear who are the key contact(s) for key school information.
- We ensure staff know who to report any incidents where data protection may have been compromised.
- All staff are DBS checked and records are held in one central record.

We ensure ALL the following school stakeholders sign an Acceptable Use Agreement form. We have a system so we know who has signed.

- staff,
- governors,
- pupils
- parents

This makes clear staffs' responsibilities with regard to data security, passwords and access.

- We follow LA guidelines for the transfer of any data, such as MIS data or reports of children, to professionals working in the Local Authority or their partners in Children's Services / Family Services, Health, Welfare

and Social Services.

- We require that any Protect and Restricted material must be encrypted if the material is to be removed from the school and limit such data removal. / We have an approved remote access solution so staff can access sensitive and other data from home, without need to take data home.
- School staff with access to setting-up usernames and passwords for email, network access and Learning Platform access are working within the approved system and follow the security processes required by those systems.
- We ask staff to undertake at least annual house-keeping to review, remove and destroy any digital materials and documents which need no longer be stored.
- Please refer to GDPR Policy for further information.

Technical Solutions

- Staff have a secure area on the school network to store pupil sensitive data and photographs
- We require staff to log-out of systems when leaving their computer, but also enforce lock-out after computers are idle for 15 minutes.
- We do not permit if any member of staff has to take any sensitive information off site.
- We use the DfE S2S site to securely transfer CTF pupil data files to other schools.
- We store any Protect and Restricted written material in lockable storage cabinets in a lockable storage area.
- All servers are in lockable locations and managed by DBS-checked staff.
- We lock any back-up tapes in a secure, fire-proof cabinet. Back-ups are encrypted. No back-up tapes leave the site on mobile devices.
- We comply with the WEEE directive on equipment disposal by using an approved or recommended disposal company for disposal of equipment where any protected or restricted data has been held and get a certificate of secure deletion for any server that once contained personal data. The company that we use for this is <http://www.prmgreentech.com/>
- Portable equipment loaned by the school (for use by staff at home), where used for any protected data, is disposed of through the same procedure.
- Paper based sensitive information is shredded, using cross cut shredder / collected by secure data disposal service.
- We are using secure file deletion software.

6. Equipment and Digital Content

Personal mobile phones and mobile devices

- Mobile phones brought into school are entirely at the staff member/ visitors' own risk. The School accepts no responsibility for the loss, theft or damage of any phone or hand held device brought into school.
- Student mobile phones which are brought into school must be turned off (not placed on silent) and stored in the school office, with a written note from the parent specifying the reason for the phone being in school (e.g. for contact at home time if walking home alone). Staff members may use their phones during school break times, when not on duty, in designated areas (e.g. staffroom). All visitors are requested to keep their phones on silent.
- The recording, taking and sharing of images, video and audio on any mobile phone is not permitted.
- The School reserves the right to search the content of any mobile or handheld devices on the school premises where there is a reasonable suspicion that it may contain undesirable material, including those which promote pornography, violence or bullying. Staff mobiles or hand held devices (iPads) may be searched at any time as part of routine monitoring.
- Where parents or students need to contact each other during the school day, they should do so only through the School's telephone. Staff may use their phones during break times. If a staff member is expecting a personal call they may leave their phone with the school office to answer on their behalf, or seek specific permissions to use their phone at other than their break times.
- Mobile phones and personally-owned devices will not be used in any way during lessons or formal school time. They should be switched off or silent at all times, and stored in a secure location away from the learning environment.
- Mobile phones and personally-owned mobile devices brought in to school are the responsibility of the device owner. The school accepts no responsibility for the loss, theft or damage of personally-owned mobile phones or mobile devices.
- Mobile phones and personally-owned devices are not permitted to be used in certain areas within the school site, e.g. changing rooms and toilets.
- The Bluetooth or similar function of a mobile phone should be switched off at all times and not be used to send images or files to other mobile phones.
- No images or videos should be taken on mobile phones or personally-owned mobile devices at any time in school.
- Staff should use the school mobile telephone when on a trip offsite

e.g. swimming. The phone should be signed in and out of the office.

Students' use of personal devices

- The School strongly advises that student mobile phones should not be brought into school.
- The School accepts that there may be particular circumstances in which a parent wishes their child to have a mobile phone for their own safety.
- If a student breaches the school policy then the phone or device will be confiscated and will be held in a secure place in the school office. Mobile phones and devices will be released to parents or carers in accordance with the school policy.
- If a student needs to contact his or her parents or carers, they will be allowed to use a school phone. Parents are advised not to contact their child via their mobile phone during the school day, but to contact the school office.
- Students should protect their phone numbers by only giving them to trusted friends and family members.
- Students should not wear smart watches to school.
- No students should bring his or her mobile phone or personally-owned device into school without written notification as to why, otherwise Any device brought into school will be confiscated.

Staff use of personal devices

- Staff iPads must have a 4-digit passcode activated, and laptops must have a secure password.
- Staff are not permitted to use their own mobile phones or devices for contacting children, young people or their families within or outside of the setting in a professional capacity.
- Staff will be issued with a school phone where contact with students, parents or carers is required.
- Mobile Phones and personally-owned devices will be switched off or switched to 'silent' mode. Bluetooth communication should be 'hidden' or switched off and mobile phones or personally-owned devices will not be used during teaching periods unless permission has been granted by a member of the senior leadership team in emergency circumstances.
- Staff should not use personally-owned devices, such as mobile phones or cameras, to take photos or videos of students and will only use work-provided equipment for this purpose.
- If a member of staff breaches the school policy, then disciplinary action may be taken.

Digital images and video

In this school:

- We gain parental / carer permission for use of digital photographs or video involving their child as part of the school agreement form when their daughter / son joins the school;
- We do not identify pupils in online photographic materials or include the full names of pupils in the credits of any published school produced video materials / DVDs;
- Staff sign the school's Acceptable Use Policy and this includes a clause on the use of mobile phones / personal equipment for taking pictures of pupils;
- If specific pupil photos (not group photos) are used on the school web site, in the prospectus or in other high profile publications the school will obtain individual parental or pupil permission for its long term use
- The school blocks/filter access to social networking sites or newsgroups unless there is a specific approved educational purpose;
- Pupils are taught about how images can be manipulated in their Online Safety education programme and also taught to consider how to publish for a wide range of audiences which might include governors, parents or younger children as part of their ICT scheme of work;
- Pupils are advised to be very careful about placing any personal photos on any 'social' online network space. They are taught to understand the need to maintain privacy settings so as not to make public, personal information.
- Pupils are taught that they should not post images or videos of others without their permission. We teach them about the risks associated with providing information with images (including the name of the file), that reveals the identify of others and their location, such as house number, street name or school. We teach them about the need to keep their data secure and what to do if they are subject to bullying or abuse.

Asset disposal

Details of all school-owned hardware will be recorded in a hardware inventory.

Details of all school-owned software will be recorded in a software inventory.

All redundant equipment will be disposed of through an authorised agency. This will include a written receipt for the item including an acceptance of responsibility for the destruction of any personal data.

All redundant equipment that may have held personal data will have the

storage media forensically wiped. Alternatively, if the storage media has failed, it will be physically destroyed.

The school will only use authorised companies who will supply a written guarantee that this will happen

Disposal of any equipment will conform to [The Waste Electrical and Electronic Equipment Regulations 2006](#) and/or [The Waste Electrical and Electronic Equipment \(Amendment\) Regulations 2007](#). [Further information](#) can be found on the Environment Agency website.

I acknowledge that I have received, read and understood the Online Safety Policy issued by Kew Woods Primary School.
