# GOVERNOR MEMBERS

In their roles as governors, our governing body volunteer to support the school, staff and pupils because they believe in the school's mission to provide the most effective education in a warm and respectful learning environment. Their role is to encourage and reinforce the culture of the school.

## The Role of the School Governor

The school governors represent a broad range of backgrounds and experience whilst sharing the same interest and passion to support the school.

- Their role is to help the school provide the best possible education for pupils and they work to support the school to raise achievement;
- They assist the school to set their aims, agree plans and policies and make the most of available resources;
- They act as a critical friend to the Headteacher and evaluate and support their role in leading and managing the school;
- They ensure that the school is accountable to the children and parents it serves, and to its local community and to those who fund and maintain it, as well as to the staff it employs.

The School's Governing Body is made up of School Governors who represent a broad range of groups within the school's community. This effectively enables the governing body to draw upon a sufficient variety of views and experiences. However, the elected members do not represent those groups.
